

RAV4

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly re-imagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Setting the benchmark, again.

The first RAV4 defined the compact SUV and pioneered a new attitude in everyday possibilities. In the spirit of the original, RAV4 is again making a bold statement in modern performance, capability and design.

RAV4 has been completely re-engineered from the ground up and epitomises intuitive modern thinking. From the purposefully chiselled exterior lines, through to the latest innovative technology, including

Toyota's Hybrid powertrain option, every RAV4 effortlessly blends admirable fuel efficiency with formidable performance.

Today, more than ever, RAV4 promises a world of adventure combined with exceptional on-road characteristics and versatility, to be everything a compact SUV should be.

Forward thinking

Every detail in the RAV4 has been thoughtfully designed to present a confident and refined presence on the road.

The exterior design features a wide stance for increased stability and brilliant on-road behaviour. The dynamic lines are accentuated with premium finishes and matched with contemporary touches.

Up front, the sharp design of the long, sleek headlamps is accentuated by integrated clearance and Daytime Running Lamps (DRLs).

The superior handling, stability and comfort that come from the advanced aerodynamics all help minimise driver fatigue over long distances. These design features, including aero stabilising fins and a rear spoiler, also contribute to improved fuel efficiency.

Every RAV4 boasts stylish alloy wheels, rising to 19" alloys on the RAV4 Cruiser petrol and Edge grades, to provide a stylish yet genuinely surefooted connection with the road.

Within the spacious RAV4, soft touch surfaces and outstanding visibility deliver an experience unlike any other.

Elevate your senses

Within the RAV4, everything has been designed to elevate your overall driving experience. Each feature has been carefully crafted to deliver maximum versatility and exceptional comfort, with luxurious tactile finishes and materials being used throughout.

The RAV4 Cruiser possesses the premium feel of leather accented seats, with heated front passenger seats and driver's seat memory (2-positions). Exceptional legroom provides enough space for everyone to stretch out, and the tilt and slide moonroof on the RAV4 Cruiser and Edge grades further enhances the bright spacious atmosphere within. For those in the back seat,

adjustable head rests and rear air vents circulate air to provide an enhanced standard of comfort.

In the RAV4, you'll find an expansive boot space coupled with a power back door in Cruiser and Edge grades. The back door also includes handy hooks to hang items such as a wetsuit, while the reversible boot floor available on variants with a space saver spare wheel, allows you to switch between durable plastic or soft carpet. On the road, the re-engineered suspension and chassis provide an exceptionally smooth and satisfying ride, ultimately resulting in a whisper quiet cabin inside.

- F Back door hooks – GXL model shown

The power to amaze

Cruiser Hybrid electric AWD shown accessorised with tow bar, tow ball and trailer wiring harness. All accessories sold separately.

Every element of RAV4 has been engineered to attain new levels of driving excellence and exhilaration. RAV4 gives you the choice of 3 highly refined engines.

The 2.0L 2WD petrol engine available on GX, GXL and Cruiser models, offers highly responsive performance, enhanced fuel efficiency and can be matched with either a 6-speed intelligent Manual Transmission (iMT) on GX, or Continuously Variable Transmission (auto CVT) for incredibly smooth acceleration and responsive driving.

The 2.5L Hybrid engine comes in 2WD and electric AWD options and is available on GX, GXL and Cruiser models. It offers the best of both petrol and Hybrid-electric power, delivering an impressive 163kW of combined power on Hybrid electric AWD models and fuel consumption as low as 4.7L/100km¹ on Hybrid 2WD models. It also automatically recharges as you drive, so never needs to be plugged in, and is paired with the smooth response of an auto CVT.

The 2.5L AWD petrol available in the RAV4 Edge model, combines genuine strength with fuel efficiency for an enhanced driving experience.

With power transferred through an advanced 8-speed automatic transmission, it delivers the next generation in response and feel.

Plus, the Dynamic Torque Vectoring AWD System on RAV4 Edge independently controls the torque distribution between the left and right, and front and rear wheels to provide excellent traction and positive drive-line control on all road surfaces.

When it comes to pulling its weight, the 2.5L Hybrid electric AWD or 2.5L petrol AWD engines shoulder an impressive 1.5 tonne braked towing capacity.²

An aerial photograph showing a dark asphalt road that curves through a lush green forest. The road is flanked by dense trees and shrubs. In the background, a large, rugged rock formation with distinct horizontal layers is visible, partially covered in vegetation. The lighting suggests a late afternoon or early morning setting, with warm tones on the rocks and trees.

Hybrid technology, that's future forward.

The RAV4 2.5L Hybrid delivers unparalleled low fuel consumption and performance with the ability to travel up to 1145km¹ uninterrupted, without ever needing to be plugged in.

With RAV4 Hybrid, even greater fuel efficiency now means no compromise on serious power.

Toyota has led the way in Hybrid technology for over 23 years. And as we continue to drive the future of mobility, it's easy to see why millions of drivers worldwide have made the switch.

The Hybrid System

Four Key Benefits

Toyota Hybrid's latest technology gets you moving powerfully and smoothly every time. Enjoy an uncompromising drive with responsive, dynamic performance.

Quiet

The quieter and calmer experience in a Toyota Hybrid delivers one of the most satisfying and enjoyable drives on the road, with no compromise on vehicle responsiveness. It's why millions of Hybrid drivers choose never to go back to petrol-only engines once they've made the switch.

Reliable

Toyota's Hybrid System offers the reliability and quality you can always expect from Toyota. Tested and trusted for over 20 years – so no matter where you go, you'll have peace of mind in every drive.

Powerful

Experience an uncompromising drive in a Toyota Hybrid with responsive, dynamic performance. You get impressive off-the-line torque that gets you moving powerfully and smoothly every time.

Starting off

The electric motor is used primarily and power stored in the battery is used to turn the motor.

Full acceleration

Power is provided by the petrol engine in addition to the electric motor. Output is maximised for acceleration.

Braking and deceleration

The electric motor functions as a generator to recharge the battery by itself. No fuel is used, so there are minimal CO₂ emissions.

Normal driving

A mix of petrol and electric is used for best economy, depending on the conditions. The battery is recharged where possible.

At rest

With the car brought to a stop, the petrol engine cuts off. The system automatically avoids idling to conserve fuel and reduce CO₂ emissions.

Switched-on living

The advanced technology in RAV4 helps transform every journey into an effortless driving experience.

The 4.2" Multi Information Display (MID) on the RAV4 GX and the GXL, rising to 7" on the RAV4 Cruiser and Edge, delivers important trip and performance information including odometer, outside temperature and driver assist functions. On Cruiser and Edge grades you can also choose between an analogue or digital speedometer.

The 8" colour touchscreen display includes satellite navigation,³ USB input,⁴ digital radio and Bluetooth^{®5} connectivity. Your experience is further enhanced with Apple CarPlay^{®6,8} and Android Auto,^{™7,8} (speak to your Dealer about device compatibility) for compatible smart phones, allowing you to safely use voice commands, touchscreen or dials to play music, navigate via maps, or use a wide range of your favourite apps and much more.

On the RAV4 Cruiser and Edge, a premium JBL^{®9} 9-speaker system delivers an even richer, clearer audio performance. The wireless phone charger¹² on GXL grades and higher provides added convenience. A 12V DC accessory socket and USB⁴ jack are also located in the centre console of every RAV4, with an extra two fast charging USB⁴ ports in the armrest storage and further two USB⁴ ports for rear passengers in GXL, Cruiser and Edge.

- A 7" Multi Information Display – Cruiser and Edge only
- B Wireless phone charger¹² – GXL, Cruiser and Edge only. Overseas Cruiser model shown
- C Armrest storage with USB⁴ ports – USB ports only available on GXL, Cruiser and Edge
- D Rear seat air vents and USB⁴ ports – Rear USB ports only available on GXL, Cruiser and Edge

A higher standard of safety

Every RAV4 features Toyota Safety Sense technology and thinking to help protect all those travelling within.

Toyota Safety Sense (TSS) is standard across the range and 7 SRS airbags provide all round protection and peace of mind. A reversing camera¹⁰ is fitted on all models and features guidance lines on GXL as well as a panoramic view monitor on Cruiser and Edge. When reversing out of a blind car space, Rear Cross Traffic Alert¹⁰ (RCTA) can help warn you of vehicles approaching from either side and crossing behind you.

If you're driving on a multi-lane road, Blind Spot Monitor¹⁰ (BSM) helps detect vehicles driving in, or rapidly approaching the blind spots and alerts the driver with an indicator in the wing mirrors.

A Seven SRS airbags – Overseas Cruiser model shown

B Blind Spot Monitor¹⁰

C Panoramic View Monitor (PVM) – Cruiser and Edge only.
Cruiser model shown

Toyota Safety Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense¹⁰ (TSS). A suite of active safety features designed to help support safe driving and help protect you and your passengers.

RAV4 features the latest TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Please visit toyota.com.au for vehicle and specification information.

Lane Trace Assist

When driving on highways and freeways, Lane Trace Assist¹⁰ uses a camera to detect lane markings. It is designed to alert you and provide steering assistance to help avoid drifting and keep you centred in your lane. CVT and automatic models only.

Pre-Collision Safety system with pedestrian and daytime cyclist detection

Pre-Collision Safety system¹⁰ (PCS) with pedestrian and daytime cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS is designed to assist the driver where there is a likelihood of frontal collision with cars and pedestrians during day or night, or cyclists during the daytime. PCS includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable, automatic braking to help mitigate impact.

Road Sign Assist

Road Sign Assist¹⁰ was developed to help recognise road speed signs and provide information to you. It displays the most recently recognised speed limit on the Multi Information Display.

Active Cruise Control

Active Cruise Control¹⁰ is designed to help keep a constant distance between vehicles. It uses a milliwave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance. All-speed is available on CVT and automatic models, and high-speed on manual models.

Lane Departure Alert with steering assist

Lane Departure Alert¹⁰ with steering assist is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional steering force if needed, to help you stay in your lane.

Automatic High Beam

Using a camera to sense either approaching headlights or the tail lights ahead, Automatic High Beam¹⁰ is designed to help you maintain safe and considerate driving by switching between high and low beam as needed.

GX

GX petrol 2WD model shown

- 2.0L petrol 2WD, 2.5L Hybrid 2WD or electric AWD engine
 - Auto CVT or 6-speed intelligent manual transmission (iMT) – petrol only

Broaden your horizons

RAV4 Edge

Edge model shown with optional tilt and slide panoramic moonroof

More than just purposeful eye-catching design, the robust RAV4 Edge has also been engineered to perform whether you're in town or out. While the unique styling makes its mark with the bumper, wheel arch moulding, grille and fog lamp surrounds exclusive to this grade.

The 19" machined alloy wheels are also unique to Edge and provide outstanding grip for an assured and incredibly smooth ride. Multi-Terrain Select allows you to switch between off-road or road drive modes to match the driving surface.

Inside, the hard wearing SofTex^{®9} seats combine comfort with class, while up above, the optional tilt and slide panoramic moonroof opens another frontier of driving pleasure and interior light.

Live life the way you choose, live it to the Edge.

Edge

The Toyota Advantage

When you join the Toyota family, you get so much more than a new car feeling. You get a lifetime of benefits keeping you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au

Discover the freedom of Toyota Access¹⁶

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments.¹⁷ Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance. To discover Toyota Access for yourself visit toyota.com.au/toyota-access

Capped price servicing¹⁸

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to five years or 75,000km, whichever occurs first (including Genuine parts, labour and fluids). For the full benefits consult a Toyota Dealer or visit toyota.com.au/advantage

Toyota Warranty Advantage

Every new Toyota is built to exceptional standards, and from 1 January 2019, Toyota vehicles are backed by a five year/unlimited kilometre warranty.¹⁹ If your vehicle is properly serviced and maintained per its Warranty and Service Book, we'll extend your engine and driveline warranty for an additional 2 years,²⁰ giving you peace of mind for years to come. In the event of a claim covered by warranty, you are covered by a 60 day money back guarantee and 7 years emergency assistance including expenses related to car hire or towing if required. For more information visit toyota.com.au/owners/warranty

Your battery goes further²¹

The Hybrid battery used by Toyota, requires no maintenance, charges automatically while you drive and never needs to be plugged into a power supply. From 1 January 2019, Toyota Hybrid batteries are backed by a five year/unlimited kilometre warranty. Complete an annual Hybrid battery health check according to Toyota specifications during routine maintenance, and we'll extend your Hybrid battery warranty to 10 years.

Finance to get you going

If you need a little help, Toyota Finance²² can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; agreed value cover, new vehicle replacement if your Toyota is written off within the first three years, use of Toyota Genuine Parts, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.²³ For more information visit toyota.com.au/insurance

Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Roadside Assist²⁴ is never more than a phone call away. 24 hours a day, seven days a week, our technicians are here to help you get back on the road. For more information visit toyota.com.au/insurance/roadside-assistance
